For the prevention and cure o
BILIOUS AND MALIGNANT FEVERS
is recommended
HAHN's ANTI-BILIOUS PILLS

THIS Medicine has been attended with a degree of success highly grateful to the inventor's feelings in several parts of the West Indies and in the Southern and Middle States, &c.

The testimony of a number of person can be adduced, who have reason to believe that a timely use of this salutary remedy has, under Providence, preserved their lives when in the most alarming circumstances.

Facts of this conclusive nature speak more in favour of a medicine than columns of pompous eulogy founded on mere assertion.

It is not indeed presumptuously proposed as an infallible cure, but the inventor has every possible reason that can result from extensive experience for believing that a dose of these Pills taken once in every two weeks during the prevalence of our bilious fevers, will prove an infallible preventive; and further, that in the earlier stages of those diseases their use will very generally succeed in restoring health, and frequently in cases esteemed desperate and beyond the power of common remedies.

The operation of these pills is perfectly mild, so as to be used with safety by persons in every situation and of every age.

They are excellently adapted to carry off superfluous bile and prevent its morbid secretions—to restore and amend the appetite—to produce a free perspiration and thereby prevent colds which are often of fatal consequences. A dose never fails to remove a cold if taken on its first appearance: they are celebrated for removing habitual costiveness—sickness at the stomach and severe head-ache—and ought to be taken by all persons on a change of climate.

They have been found remarkably efficatious in preventing and curing disorders attendant on long voyages, and should be procured and carefully preserved for use by every seaman.

Hamilton's Elixir,

A sovereign remedy for colds, obstinate coughs, asthmas, sore throats, catarrhs, and approaching consumptions.—To parents who have children afflicted with the *HOOPING COUGH*, this discovery is of the first magnitude, as it affords immediate relief, cheeks the progress, and in a short time entirely removes the most cruel disorders to which children are liable. The Elixir is perfectly agreeable, and the dose so small that no difficulty arises in taking it.

Hamilton's Grand Restorative,

Is recommended as an invaluable medicine for the speedy relief and permanent cure of

Nervous Disorders	Violent cramps in the stomach and back
Consumptions	Indigestion
Lowness of spirits	Melancholy
Loss of appetite	Gout in the stomach
Impurity of blood	Pains in the limbs
Hysteric'l affection	Relaxations, etc.
Inward weaknesses and debility	

Hamilton's Essence and Extract of Mustard.

A safe and effectual remedy for acute and chronic rheumatism, gout, rheumatic gout, palsy, lumbago, numbness, white swellings, chilblains, sprains, bruises, pain in the face and neck, etc. etc.

Lee's Ointment for the Itch.

Warranted an infallible remedy at one application, may be used with perfect safety by pregnant women, or on infants a week old, not containing a particle of mercury or any dangerous ingredient whatever, and not accompanied with that tormenting smart which attends the application of other remedies.

Hahn's true & genuine German Corn Plaister.

An infallible remedy for corns, speedily removing them root and branch, without giving any pain.

The Genuine Persian Lotion,

So celebrated among the fashionable throughout Europe, is an invaluable cosmetic, perfectly innocent and safe, free from corrosive and repellent minerals, the basis of other lotions, and of unparalleled efficacy in removing blemishes of the face and skin, freckles, pimples, inflamatory redness, scurfs, tetters, ringworms, sunburns, prickly heat, &c.

Hahn's genuine Eye Water,

A sovereign remedy for all diseases of the eyes, whether the effect of natura weakness o. of accident.

Tooth Ache Drops.

The only remedy yet discovered which gives immediate and lasting relief in the most severe instances.

Lee's Infallible Ague and Fever Drops

For the cure of agues, remittent and intermittent fevers.

☞ At the place of sale pamphlets may be had gratis, describing cures performed by the above medicines; the number, importance and respectability of which, fully justify every article of this advertisement.

Dec. 18 ROBERT GLENN.

French Creek Boarding School.

The following is published for the information of Parents:

HAVING long believed that a School on a plan different from most others in many respects, would be beneficial to society, and apprehending that with all its cares, and the responsibility inseparable from such a concern, I could more cheerfully devote my time to the education of children than to any other business, I have concluded to establish a BOARDING SCHOOL for GIRLS—With this view I have purchased the FRENCH CREEK FARM, four miles east of the yellow springs, on the Norristown and Philadelphia road, situated in Pikeland and Vincent townships, Chester county, twenty-seven miles from Philadelphia, combining many conveniencies for the support of such an institution; and having let the farm, etc. in a way calculated to supply the family with provisions, I propose to devote my attention, with the aid of suitable assistants, to the education of the children who may be placed under my care.

In selecting the pupils, it is not proposed to be governed entirely by their ages, nor to require that they shall all be members of the religious society of Friends; but as the school rules will be very few in number and very simple, it is my wish that none may be sent contrary to their own inclination, nor any one who would not be likely to be good examples to the other scholars, and treat them with kindness and affection.

The price for board and tuition will be two hundred Dollars per annum, one quarter always to be paid in advance—no restrictions respecting the kind of clothing are intended, nor respecting the frequency of the changes that parents may require; the washing will be charged at the ordinary price per dozen—children may be admitted for one quarter only, and such as are entered for a longer period, may nevertheless be removed at the expiration of any quarter.—The communication with Philadelphia will be frequent and easy by stage, and a house of entertainment kept by the farmer for the accommodation of persons having business at the school.

Reading, Writing, Arithmetic, English Grammar, Geography and the use of Maps and globes, will be taught, together with such other branches as the progress of the children and experience may render expedient. The school to open the first of the 5th month next. For further information apply to Edward Stabler, Alexandria, or to

MARY, THE PRIDE OF YON HILL.

How sweet to the mother the innocent smile
Of a fair little cherub, the first of her care;
How sweet to the soldier, who weary with toil,
The sight of his cottage and Anna so dear;
And sweet to the captive the hope to be free,
To bask in the sunshine of happiness still:
But oh! how much sweeter than all those to me
Is Mary, sweet Mary, the pride of yon hill.

How bright to the sons of the tempest toss'd ocean,
The light-house, which tells of the safe port hard by;
But brighter, much brighter, the tear of devotion,
Which spoke to my heart while it beamed in her eye.
How oft and how sweet to the unsleeping pillow
Does that hour of prayer on the memory thrill,
And whisper a rest to the mind's raging billow,
With Mary, sweet Mary, the pride of yon hill.

But why should I longer indulge in the feeling
Which year after year I have hugg'd to my breast,
When each day succeeding tells reason is stealing
Some long cheris'd hope which my bosom had bless'd.
In the pomp of this world I have ne'er been a partner,
Nor mine is the name of which story may tell;
An offering mean, to a shrine of such splendour,
Unworthy of Mary, the pride of yon hill.

"For all the Athenians, and strangers which were there, spent their time in nothing else, but either to tell or to hear something new." Acts XVII, 2.

When the accomplished Paul visited Greece, he found the inhabitants of her cities, as eager to hear 'strange news,' as those of any little village of modern times. Eighteen hundred years have not altered the dispositions of man, and climate has made no change in the tone of thought.—The novel doctrine preached by the apostle excited the buz of curiosity in every part of Athens; the schools of the Epicureans, and of the Stoics were deserted; the mechanic, the merchant, the priest and the soldier crouded round the orator, to hear what this 'setter forth of strange gods' had to say; and when their curiosity was gratified, they laughed at him and left him, satisfied at having some plausible excuse, for neglecting their different avocations. Our towns in these days, exhibit the same thirst to hear of 'passing events;' when a traveller whose object it may be to collect memoranda for a "Righte merrie and conceitede tour," in the manner of the *authentic* Ashe, or a merchant whose business may be to procure a little par money from a neighborboring bank, arrives at the 'Caravansera' of a country town, the good citizens immediately forget 'every thing else' but the news which may be brought by this ominous visiter. The merchant locks his door, (for this may be done now a days without much loss,) the tailor quits his board, the blacksmith leaves his shop, "the while the iron on the anvil cools,' to catch with eager ears, the events that are passing without the limits of the 'microcosm' in which they dwell. Often have I wondered at the persevering curiosity of these worthy villagers, who generally succeed in finding out the whole business of the sojourner.—A stranger may remain in a city for months without being forced to disclose his views: but let him 'abide' a day in one of our towns and his secrets are drawn from his bosom, with as much ease, as the modern 'magi' transfer a ball from your pocket.—But the consequences of this desire to hear news is fatal to our workmen; the business of the day is broke in upon; they meet to discuss the matter over an 'intoxicating cup,' and from the tavern adjourn to finish the day at quoits or fives. The work is neglected, the employer murmurs, pay is withheld, and the industrious wife too often suffers with her little innocents. Eradicate then this thirst for news, which is too often the parent of idleness. No matter what bank has stopped; no matter 'who is in or who is out;' it cannot affet you. If such a man as Paul arrive among us, we may neglect our business to listen to 'the word of his mouth'—but until then, let us attend to our families, which conduct alone must be 'righteous in the sight of him' who made us all, to fill some useful place in his great design. [*Pittsburgh Gazette.*

A dreadful fire has destroyed the town of Creutzberg. Of 231 houses, only 11 remain. 475 families, are left without an asylum, and reduced to the greatest misery.

ALEXANDRIA:
MONDAY MORNING, AUGUST 10.

CAPTAIN WRIGHT.

Extract of a letter from a gentleman of the first respectability, to the editors of the Georgia Journal, dated

"*Savannah, July 14.*

"A letter received at the office of the District Attorney, announces the intention of the President to issue a special commission for the trial of captain Wright for murder. In reply, it has been recommended that the trial be postponed to the regular meeting of the Circuit Court in December at this place. Of the circumstances of this unfortunate affair, I really know nothing—but if capt. Wright's crime consist merely in a misapprehension of the point of attack, *I trust the state will take care, that he is not overwhelmed by the imposing formality of this prosecution.*"

[*Milledgeville Journal, July 28.*

A PICK-POCKET CAUGHT.

On Saturday last, a gentleman who is one of the contractors for completing the Schuylkill Lock Navigation, presented and received payment for a check of 2000 dollars, at the Bank of North America—from whence he was watched by a man who contrived to pick his pocket in the market.—The circumstance that led to the detection of the thief, is somewhat curious—having got off safe with his plunder, he supposed no means of discovering him existed, and intended leaving the city for New-York, but not in any of the regular lines of conveyance. Accordingly on Monday morning he applied to the keeper of a livery stable, for a carriage to convey him to Bristol, and in looking over the notes to find one sufficiently small to pay for it, the keeper took an opportunity of ascertaining pretty correctly their denomination—the carriage was got ready, and he started.—Shortly after, hearing of the robbery of the pocket-book, he suspected this to be the man—two officers were sent in pursuit, and about sun down, returned with the thief, having caught him at Bristol, a distance of 20 miles, just as he was about leaving there in the steam boat. All the money, except 20 dollars, was found upon him.

[*American Daily Adv.*

We rejoice to hear from the neighboring counties that the crops of Indian corn bid fair to exceed any former example. In the counties of Norfolk and Princess Anne this is more particularly the case. The large fertile plantations in Holland Swamp, Princess Anne, where the hopes of the husbandman were marred by the excessive rains during the last two summers, exhibit assurances of the most abundant crops.—On one plantation alone, in this neighborhood, it is computed that at least 1000 barrels of corn will be made. The growth is now sufficiently forward to defy the effect either of drought or wet; nothing but severe hurricanes can injure it. [*Nor. Her.*

New-York, August 3.

Captain Holdridge, of the ship Bellona, who arrived this morning, in 58 days from Havre-de-Grace, informs us, that on the 6th of June, while off Lahave, he discovered a man on board, who had secreted himself for the purpose of securing a passage to America. It was understood that he was a native of Flanders, and that he had his father's permission to come to this country. He had previously attempted to get off in the General Hamilton; but on her touching at Cowes, he was discovered and sent back. When he was informed that he must leave the Bellona, a boat having been hailed to convey him to the shore, he proceeded to the bow of the ship, deliberately drew a pistol, shot himself, and fell overboard.

Captain H. also informs us, that during his voyage, a boy belonging to the Bellona, was sent aloft to loose the fore top-gallant sail; and having performed the duty, he accidentally fell from the yard, and striking the ropes in his descent, turned over once or twice, and struck the deck upon his feet, without sustaining the slightest injury. On reaching the deck, and finding himself uninjured, he exclaimed, "*there is no harm done*"—thus instantly relieving the distressed feelings of the captain and crew, who expected to find him with nothing short of broken limbs, or a fracture skull.

Natchez, July 3.

Extract of a letter from Dr. J. Silby, to Dr. J. H. Robinson, dated at Natchitoches, in June.

"A trader has lately arrived from the Camanches, and reports, that nation has lately taken 2000 souls as prisoners, from the province of Texas, and that they are disposed, and do even sell them at the same price for which mules sell in their nation.—I have lately understood that two vessels had arrived at Galvezton, with 3 or 400 African slaves, all of which are intended for Louisiana and the state of Mississippi. General Lallemand and his party, remain as they were, near the mouth of the Trinity river, erecting forts—some reinforcements are joining them, principally Europeans."

Baltimore, August 6.

Captain Webb, of the ship Benjamin, arrived here in 15 days from Havana, states that a new duty of 4 dollars is hereafter to be exacted on *every vessel* arriving at Havana, *for the support of the Inquisition*, and two holy friars are appointed to visit each vessel arriving, to search for obnoxious books, pamphlets, &c. The tonnage duty is fixed at 20 rials, (2 dols. 50 cts.) on *all foreign vessels* from 1st July last.

ASPIN'S CHRONOLOGY.

Mr. Bache,

The following notices of military events are taken from 'Aspin's Chronology,' printed in London, in 1815, and shew the regard to *truth* and *candour*, which is paid by British writers, when their military character is concerned.

1813, Dec. 19—Fort George, North America, stormed and taken by the British.

[On the 27th May, 1813, Fort George was stormed and taken by the *Americans* from the British, and on the 16th December, 1813, General M'Clure removed the public stores, and destroyed the fort, and retired to the southern side of the Niagara river, before the enemy approached.]

Ed. Franklin Gazette.

1814, May 6.—Fort Oswego, on Lake Ontario, captured by the British.

[At the capture of this fort, the enemy lost in killed and wounded, as many men as there were Americans opposed to them; they had seven times the force we had, and were obliged to *evacuate* in the night.] *Ib.*

1814, Aug. 11.—The town of Stonington, N. A. attacked and taken by Sir *Thomas Hardy.*

[The British attacked Stonington on the 9th of August, 1814, with a 74, two frigates, one brig, and one sloop of war, which was defended by a few militia, and *three guns*, two of them long 18s. The attack commenced at 9 at night, and continued till one in the morning, with round shot, bombs and rockets; it was renewed in the morning. The 74 partook in the brave affair; some thousands of shot were fired, and the whole squadron which participated, at length *withdrew.* The enemy had a barge full of men sunk, and the brig almost torn to pieces. We lost no men, had four slightly wounded, two houses fired, which were immediately extinguished, two *horses* killed, and it is reported one chicken slightly wounded.

On the 11th August, they made a *second* attack, which continued, with some intermissions, until 11 o'clock the next day, when they *again withdrew.* In this affair, their force was increased to, and consisted of, one 74, one razee, one frigate, one bomb ship, a sloop of war, and two brigs!!!

Stonington village contains but one hundred houses, and eight hundred inhabitants, and was never surrendered;—the inhabitants proved too *Hardy* for *Sir Thomas*—and the two 18s kept his squadron completely *at bay.*] *Ib.*

1814, August 12.—Attack of the British on the American vessels on Lake Erie!!!!

[On the 10th day of September, 1813—eleven months previous to this time, every vessel belonging to the British was taken by our fleet on lake Erie; and the British chronologer, would have shook like an *aspen-leaf* had he been opposed to Perry's fire. Mr. Aspen has, in a convenient manner, forgotten to give the correct day of the year and month of *our victory* on lake Erie, and has substituted, "*Attack of the British*" for "*Glorious victory of the Americans,*" *slight* errors in a *faithful* chronology, which we hope he will correct in the next edition.] *Ibid.*

1815, September 6.—Battle of Plattsburgh: THE AMERICANS DRIVEN UNDER THEIR PORTS BY SIR GEORGE PREVOST.

[Besides the untruth of the event of this battle, the year, and day of the month are also mistated. The battle and victory, both on lake and on land, by fleet and by fort, by M'Donough and Macomb, took place on the 11th of September, 1814, precisely one year and one day after Perry's *victory*, which is styled an *attack*, and which Commodore Yeo called, in his official dispatch communicating *the defeat*, "an ill fated action."] *Ibid.*

1815, Jan. 15.—The American ship President of *sixty guns*, and 400 men captured by Captain Hope, of the Endymion frigate, off Sandy Hook!!!

[The President Frigate was captured after an action of *four hours and a half by one razee and three frigates.* The President frigate was commanded by the gallant Decatur, whom, it was to be expected merited more candor from a British chronologer, for his polite treatment of the officers and crew of the *Macedonian;* a British frigate captured by him with a frigate of equal force, and brought safely into an American port. But let the *faithful chronologer* in the next edition look at the following advertisement copied from a *London paper*, and let him blush, not only for *himself*, in publishing a gross *mistatement*, but for his *naval heroes*, who, as Mr. Niles, Editor of the invaluable Register observed, were willing to give up the *glory* of the achievement, and only cared about *dividing the spoil:*

London, May 4.—Notice is hereby given to the officers and companies of H. M. ships ENDYMION, POMONA and TENEDOS, captains HOPE, PARKER and LUMLEY commanders, who were on board at the capture of the American frigate President, on the 15th of January, 1815, that they will be paid their respective proportions of the net proceeds of head money for the said capture, on the 10th inst. and all shares not then claimed will be recalled at No. 23, Norfolk street, Strand, every Tuesday and Friday for three months from the first day of payment.

WILLIAM MARSH, Jr. Agent

A similar advertisement was printed at Bermuda, March 8, 1815, for the distribution of prize money, (the proceeds of the value of the hull and stores of the President) amongst the officers and crews of the above enumerated vessels, together with the Majestic, John Hayes, Esq. Captain.]

Ibid.

The capture of the Chesapeake frigate by the British frigate Shannon, is carefully noted, but not a word of the gallant exploits of our navy is mentioned. To point out the errors contained in the above chronological details would be, it is thought, unnecessary—as we hope every American who could read at the time the events occurred, will be able to detect their fallacy. Should, however, there be any who have forgotten the true statement, let him make it a task to inform himself on the subject, by a reference to NILES' REGISTER, and the work called "the War, or Thompson's history of the War." * * * * *

NEW TOWNS.

We have collected a list of all the new towns that have come to our knowledge.—It is geographically and otherwise interesting. It shows the spirit of enterprize that is abroad and may prove serviceable to persons about to emigrate.

NEW TOWNS IN THE WESTERN COUNTRY.

America.—The town of America, is situated between the Ohio and Mississippi rivers, on the nor h west bank of the former and as near their junction as the ground will admit of, free of inundation. It is high and healthy, the greater part of the lots being elevated from twenty o thirty feet above the highest floods of the Ohio. The squares are four hundred feet—the streets sixty six feet wide, except two which are one hundred feet wide, all crossing at right angles. The lots are 50 by 190 feet running back on twenty feet alleys. Two squares on opposite sides of a street of 100 feet, have been alloted for public purposes.

The situation of the town of America, is equal to any spot on the habitable globe.—The natural advantages that this town possesses must be evident to every person who will examine the map of the world. The waters that unite at this point pass through an extensive and fertile country.—Navigable streams from eleven of the U. States and territories concentrate at this point. No part of the Union is better situated for ship building than this place, all the necessary materials for that purpose can easily be procured there, and vessels of the largest description can be navigated to New-Orleans, with the greatest degree of safety, for at least six months in the year.

A charter has been granted by the Legislature of the Illinois territory at their last session, authorising a canal from the Mississippi to the Ohio River, and the privilege of banking with a capital of one million of dollars. When this contemplated canal is completed, it will unite these great rivers at the town of America.

The country between the Ohio and Mississippi rivers, for a great distance northwardly, is equal in point of soil, water and timber, to any lands in the western states or terrritories. The climate is more temperate than it is to the eastward in the same parallel of latitude, and the air is salubrious. The soil in the immediate vicinity of this town produces cotton, hemp, tobacco, wheat, rye, and corn in great abundance.

The latitude of this town is 36 degrees 52 minutes north, nearly the same with that of the south point of the Islands of Sicily and Pantelaria.

Applications respecting this town, are to be made to James Biddle, H. Bechtle, Thomas Sloo, Jr. or Elias Rincton, at Cincinnati, Ohio, or at St Louis, Missouri Territory.

Independence.—The town of Independence, is situated on a Bluff, on the Kaskaskia river, two miles and a half below the present seat of justice for Bond county, thirty-six miles east of Edwardsville, and about sixty miles north east of Kaskaskia, in the heart of a fertile country and a flourishing settlement. From its central situation, and local advantages, it will in all probability at no distant period, become the capital of the Illinois. The proprietor has contracted for the erection of twelve dwelling houses, which will be completed with all possible expedition. He intends establishing a ferry in the course of a few weeks, opening a new road to Vincennes, which will be of the utmost importance to emigrants and others, as it will save a distance of sixteen miles from that place to Edwardsville.

The proprietor, desirous of establishing the town upon the most liberal principles, will make a donation of 50 lots to industrious mechanics, and will lease for five years to each, twenty acres of first rate timber land, adjoining the town, rent free, provided they become actual setters.

For terms of sale, apply to the proprietor at Edwardsville or St. Louis.

SAMUEL BERRIAN.

Cotton Port.—This town is laid out on the west Bank of Limestone river, one mile above its junction with the Tennessee, and a little below the mouth of Beaver dam and the Piney fork.

The situation is high and dry, and promises to be as healthy as any other place in the Alabama territory, as near the Tennessee—is sufficiently level and elevated above the reach of the highest floods of the river.

Within the limits of the town are two never failing springs of good water. The appearance of the land and the success of similar experiments in the country adjacent justly a belief that on almost every lot a well of good water may be had at a moderate depth without blowing rock.

Limestone river from the Tennessee to to this place is navigable to this place at all seasons of the year for the largest keel and flat bottomed boats used in the navigation of the Tannessee. Limestone here affords a safe harbor of deep still water, in which during the greatest floods, boats will be entirely free from the dangers to be at such times apprehended from the strong and rapid current, and sudden risings and fallings of the Tennessee. The situation at which COTTON PORT is laid out, has in fact, long since been proved by the observation and experience of the planters of the western country and north western part of Madison county, to be the place which nature has distinctly marked out for the commercial centre of the very fertile country adjacent. It includes the well known old boat landing on Limestone. At this place for several years past not an inconsiderable part of the cotton from these parts of Madison county, has been embarked in flat bottomed boats, which ascended with ease from the Tennessee, and with full cargoes descended from this place to New-Orleans. The saving in the expense of land carriage, although the country for more than 15 miles around the boat landing was then unsettled, and the Indian claim to it unextinguished, caused the produce of this quarter of Madison county to be embarked at this place in preference to any other. The same reason must naturally render Cotton Port the place of embarkation for all the produce of the country north of it, as far as the southern boundary of the state of Tennessee, and for a considerable distance to the west and to the east.

The country whose trade seems decreed by nature, to centre here, includes one of the finest cotton districts north of the Tennessee river. Of its fertility and probable wealth and produce, something like definite ideas may be formed, when it is known that at the public sales at Huntsville, the lands in the township in which Cotton-Port has been laid out, and in the next to the north sold at from 2 to 70 dollars per acre, and at an average of 16 dollars per acre. In the two next townships to the east and north east at about the same prices. The greater part of the land in these, is not less fertile and inviting to wealthy and industrious settlers. To people at a distance, who may not have inquired into the system pursued in surveying and selling public lands of the United States, it may be proper to observe, that a township is 6 miles square, in each of which, after the reservation for schools, there are 22,400 acres, to be sold in quarter sections of 160 acres each—Of the rich and high priced lands, just mentioned, the most remote is but 12 miles from Cotton-Port.

To the merchant it must occur, that for the exportation of the produce of such a country there must be buyers at the point where it will be collected—that to supply such a country in foreign articles of consumption, there must be sellers at the place to which the consumers come to sell their produce.

Trade cannot stagnate here. Industrious and ingenious mechanicks must see that the inhabitants of such a country will want houses, furniture, farming utensils, leather, saddles, boots, shoes, &c. and will be able to pay good prices for them. The upper country on the Tennessee and Holstein rivers, and their branches, will afford at a very trifling expence for water carriage down the river, abundant supplies of provisions, iron, lumber and other raw materials.

A good dry road can be had from Cotton-Port, north, to Elk river. The proprietors of the land laid out for the town, intend to build a bridge across Limestone, and to make a good road for several miles towards the rich country about the Big Prairie.

From Cotton-Port to the falls of the Black Warriour, as good a road can probably be had as from any place on Tennessee river. The distance is about one hundred miles.

The trustees of the town, will reserve for public benefit, two lots including the two springs. Two or more lots for a place of public worship, a school house, and such other public building as the prospects of the place may seem to require.

In the plan of the town, the Trustees have endeavoured to avoid every thing which will tend to bring all its population and business into one small space, and leave the rest of the lots unoccupied. They have endeavoured so to arrange the streets, lots, &c. as to secure to the future inhabitants as far as practicable, the benefits of shade and a free circulation of air, and every family a piece of garden ground.

The trustees are, Jno. Coffee, James Jackson, John Brahan, and James Bright.

AUGUST 6, 1818.

Ordered, That the superintendent of police do cause to be sunk a reservoir in the proper place on Union-street, eight or nine feet east of the public spring at the lower end of said street, and place a pump therein, and charge the expense to the 1st ward.

Ordered, That Water-street, between King and Cameron streets, be raised to the regulation, and the expense thereof charged to the 2d ward.

Ordered, That the gutters on the north and south sides of King-street, between Fairfax and Union streets, be repaired, and the expense thereof charged to the second ward.

Ordered, That a sum not exceeding one hundred dollars be appropriated, and that the auditor issue his warrant in favor of Alexander Williams for the same, to provide and store wood in the most eligible place he may think proper, for the use of the night watch.

Ordered, That Queen-street, between Pitt and Royal streets, be regulated and paved according to law.

Ordered, That the superintendent of police be authorised to employ a person to sweep and keep clean the market house and market square, the expense thereof to be charged to the general fund.

Ordered, That the street-commissioner do open the mouth of the alley leading from Washington to St. Asaph-street, adjoining the property of C. Neale, by removing the side stones, and paving the alley the extent of the footway on Washington-street, the expense of the pavement to be charged to the 3d ward.

Ordered, That the street-commissioner cause a paved gutter to be placed in Wolfe street, between the intersection of Union to Water-street, provided the expense thereof does not exceed eighty dollars, the same to be charged to the 1st ward.

Passed in council the 6th day of August, 1818. J. H. HOOE,
President of the Common Council.

Ten Dollars Reward,

WILL be given by the subscriber, living near Haymarket, in Princewilliam County, for the recovery of a horse, which strayed or was stolen from her farm, on the night of the 13th of April last. The above named horse is 5 or 6 years old, of blood bay color, 15 hands high, long switch tail, rubbed on the left side by the harness of the cart or waggon, in either of which he had been used to draw; he has no white marks or brand, and the hair on the top of he head between the ears is worn short.
August 10 SUSANNAH F. GRAHAM.

100 Dollars Reward.

ON Thursday last the 6th inst. a Negro Boy belonging to a gentleman of this place, was taken from the lower end of the town by two kidnappers, and carried off in a row boat. From the best information that can be obtained, the boat was rowed towards Washington City; she was painted green on the outside and had one small mast. The boy is about 8 years of age, large black eyes, and very black complexion. Upon conviction of the kidnappers and return of the boy, the above reward will be paid; or fifty dollars for the boy alone, upon application at this office.

New Hotel,

ON THE LEESBURG ROAD.

WASHINGTON DRANE

RESPECTFULLY informs his friends and the public generally, that he has opened a house of entertainment at his new building, on the road leading from Georgetown to Leesburg, 15 miles from the former, and 15 miles from the latter place.—The house and furniture are new and elegant, and every attendance and requisite have been provided for the accommodation of either parties of pleasure or persons on business. There is an excellent spring of water on the place, excelled perhaps by none in the state of Virginia. The distance from Georgetown, Washington or Alexandria, being an agreeable ride, he anticipates a share of public patronage, which he hopes his assiduity to business will justly merit.

Piano-Fortes and Organs.

THE subscriber, who carries on the manufacture of these instruments in N. York, is now in Alexandria, where he will remain a short time, during which he will attend to repair, regulate the action and improve their tones and musical effects.—A specimen of his work and abilities may be examined in the store second door below the Mechanics' Bank, King street, where he offers for sale two of his Piano-Fortes at the New-York prices—one of them an elegant upright grand, of a full bodied mellow tone and brilliant touch—the other is of the horizontal sextagon form, highly finished, with extra additional keys. He warrants them perfectly sound, and of the first quality.—He will allow in exchange a fair price for old pianos or organs, being such as he approves.—He also has for sale a few fine toned old violins and elegant bows, and concert flutes.—He is perfectly acquainted with the harpsichord construction, and offers to put them in complete order.

Orders left at the store, or at Mr. Abercrombi's, cabinet-maker, or at Capt. Nelson's, King street, will be promptly attended to on his return to New-York.

Valuable Land for Sale.

THE subscriber wishes to sell a tract of land containing 558 acres, situate in Nangemoy, Charles county, Maryland.—This land lies compact on the Potomac, adjoining the farm of William D. Harrison, Esq. about 2 miles above Maryland Point, is well adapted to the growth of wheat, corn, and tobacco, and might be made a desirable farm. Also, another tract, containing 201 acres, about half a mile from the former, and adjoining the lands of Col. John Taylor.—A further description of this property is deemed unnecessary, as those wishing to purchase will, no doubt, view the premises. If not sold before at private, they will be offered at public sale in the town of Port-Tobacco, on Monday the 10th day of August next. Terms one-third of the purchase money on the day of sale, the remainder in equal payments of 12 or 18 months, when a sufficient deed will be given.
DANIEL JENIFER,
July 10—fmwts Port-Tobacco.

A long Lease for Sale.

THE subscriber will sell the lease which has 18 years to run, of a small Farm he at present occupies, lying on the turnpike road leading from Alexandria to Washington city, about half way between the two places, and adjoining the lands of Mr. George Wise and Alexander Hunter. The improvements are a snug small Dwelling-House and kitchen, good stables, spring house and slaughter house, and all the useful tools therein for killing, together with a house with a large kettle for rendering neat's feet oil, which is a good business if properly attended to, and may be made much more so by adding the glue-making, which may be easily done—there is also a good garden and a number of beehives. I will likewise sell a likely young Horse, that has been well broke to the saddle or any kind of harness, a first-rate milch cow, the farming utensils, and household and kitchen furniture of every description, some of which are very good. The whole will be sold for cash, or on a short credit. The lease will be sold with or without the other articles, and immediate possession given. If not sold prior to the 1st day of September next, the above described articles will on that day at 3 P M be offered at public sale on the premises—and if the lease is not sold, the farm will then be rented for one or more years. It is thought unnecessary to give a further description of this valuable property, as it is presumed any person inclined to purchase or rent will view the property prior to that day, and it will be found very advantageous, as there are a number of articles on it which will be sold low and well suited to it. An early application is recommended and the whole will be sold a bargain.

50 Dollars Reward.

RAN away from the subscriber on Saturday night the 27th ult, a Negro man by the name of JACOB THOMPSON, aged 22 or 23, nearly 6 feet high, very black, and rather a down look when spoken to—he is very apt to put one hand up to his chin when answering questions. He is a very submissive orderly fellow—His clothing that can be recollected consisted of a blue second cloth coat with yellow buttons, nearly new; Russia sheeting shirts and trowsers, and a variety of other clothing not recollected. I fully expect he must have from 150 to 200 dollars with him in money—and very little doubt but he had furnished himself with free papers. Whoever takes up the said fellow, secures him in jail, and retains all moneys and papers he may have on him, shall be entitled to the money found on him, and the above reward if taken out of the District; or twenty dollars if taken within the District of Columbia. To the friends of Humanity.

AN aged, infirm, and widowed mother, is desirous to receive information of of THOMAS BURTON CARTER, an only son, concerning whom she has not heard any thing, on which reliance can be placed, for nearly three years. He removed from this place to the state of Ohio about five years ago. The last certain account she had from him, was from Cadiz in that state. He is about twenty five years of age; by trade a tailor. Vague rumour has recently pronounced him dead. A letter communicating information relative to him, directed to Henry Tutwieler, P. M. at this place, would confer a peculiar kindness on an afflicted woman.

☞Editors of Newspapers generally, are intreated to give this article a place in their columns a few weeks.

For Sale,

A VALUABLE FARM, containing between six and seven hundred acres of land, the greater part of which is in timber, and adjoins the land of Charles Thift and Edmond J Lee, esq. and extends to the road from Leesburg to the mill lately known as Miller's Mill, on Goose Creek, and not more than three quarters of a mile from the turnpike road now making. The furthest boundary of this land is not more than three miles from Leesburg, and the nearest, which is in timber, not more than one mile and a half. The timbered land will be laid off into 10 or 15 acre lots, reserving a sufficient quantity for the land now cleared and in cultivation. It is unnecessary to say that this land is as well adapted to plaister as any in that part of the country; and if not sold at private sale previous to the September Leesburg court, will be then offered at public sale, and the terms made known on the day.

There are fifteen or twenty negroes residing on the farm that may be purchased with it if wanted

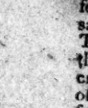
Plaister Land.



The subscriber offers for sale a FARM of 450 acres, being part of the tract whereon he resides in Fauquier county, Va. More than one-third of this Farm is in timber, and is land of the richest quality. The cleared land is in good heart, having had the advantage of a clover lay, and no soil being more susceptible of plaister improvement. He would also dispose of a lot of 50 acres, the whole of which is in timber, and is first rate tobacco and meadow land. On this lot has been erected well built saw mill, contiguous to which at the confluence of Broad and Mill runs) is a most valuable scite for a merchant mill. No property is better worth the attention of a person wishing to engage in such business. On the first mentioned farm are a commodious overseer's house, a new barn, stables, corn houses and negro quarters, and about 20 acres of timothy meadow.

600 acres of Land for sale.

THIS tract is situated in Westmoreland county, Virginia, adjacent to Mr. Garnett Hunter's Plantation, and contiguous to the waters of the Potomac. The neighborhood is good—water excellent, and very desirable situations for building. A considerable proportion of the land is well timbered, besides a good deal of cedar, pine and other wood, sufficiently convenient to make it an object for those who may be disposed to send it to market—it is nearly equi-distant from Baltimore, Washington and Norfolk.

Any one wishing to purchase may apply to ROGER JONES,
Alexandria.

Also, a very valuable LOT, containing 140 acres, being a part of the late Mr. John Turberville's tract—within 6 miles of Georgetown, 3 from the Little Falls Bridge, and near to the turnpike leading from thence to Wiley's, in Fairfax county, Va. A great proportion of this land is exceedingly well timbered, and that part which is not, is so recently cleared as to be in an active state for cultivation, and already in a productive condition.—For terms, apply to PHILIP C. JONES, esq in Leesburg, Va. or to R. JONES.

Public Sale.

WILL be sold on Thursday, the 20th of August next, if fair, if not, the next fair day,

A valuable tract of Land,

lying near the Falls Church, in Fairfax co. Virginia, containing one hundred and ninety-eight acres and a half, and the 16th part of an acre—lying within 10 miles of Alexandria, 7 miles of Georgetown and Washington, and about four miles from the Falls bridge, with a good road from the said farm to all the abovementioned places. On it is

a good Dwelling House, Kitchen, Barn, and all other convenient out houses, 10 acres of meadow, now in timothy, which is exceeded by none in this county; also several acres of valuable meadow land, which may be put in grass by a very little trouble; a valuable apple and peach orchard. This land is well adapted to clover and plaster, is well watered, and a good spring within 50 yards of the door. The situation is handsome, has been admired by many, and lies in a very healthy neighbourhood. A sufficient quantity of timbered land is attached to it, and that of the best quality. Many other advantages which it possesses are not enumerated. The sale will commence at 12 o'clock, and the terms made known on the day.

Charles County Court,

March Term, 1818.

ON application to Charles county court by petition in writing of John Smith, of Charles county, for the benefit of the act of assembly for the relief of sundry insolvent debtors, passed at November session 1805, and the several supplements thereto, on the terms mentioned therein, a schedule of his property and a list of his creditors on oath, so far as he can ascertain them, being annexed to his petition, and the court being satisfied by competent testimony that the said Jno. Smith has resided two years immediately preceding the time of his application, in the state of Maryland, and being also satisfied that the said John Smith is in actual confinement for debt, and the said John Smith having entered into bond with sufficient security for his personal appearance in Charles county court, to answer such allegations as his creditors may make against him—It is therefore ordered and adjudged that the said John Smith be discharged from imprisonment; and that by causing a copy of this order to be inserted in some one of the newspapers edited in the District of Columbia, once a week for two months successively before the third Monday of August next, he give notice to his creditors to appear before the said Court, at Charlestown, in said county, on the said third Monday of August next, for the purpose of recommending a trustee for their benefit, and to show cause why the said John Smith should not have the benefit of the several insolvent laws as prayed. Dr. Thomson's System of Chemistry.

IN FOUR VOLUMES OCTAVO.

THE preceding edition of Dr. Thomson's Chemistry, had acquired so much reputation both in England and upon the continent of Europe, that a new edition, comprising the new facts with which the science had been enriched, and the new views of the subject which extended knowledge had suggested as indispensable, was eagerly looked for by the scientific world. A new edition has accordingly appeared, wherein the former edition of five volumes has been condensed into four.

All the new discoveries, and all the new theories of Chemical Phænomena, have been considered and embraced in the present improved edition; so that it is indispensable to the chemical student, as presenting the only condensed view of the changes and alterations in chemical doctrine, which the discoveries of the last ten years have suggested. No apology therefore can be necessary for reprinting such a book in this country; for the press does not furnish a substitute for it. But, there is so much theoretical suggestion—so much abstruse calculation—so much fact of dubious authority—and so much dubious validity—that notes and illustrations are absolutely necessary, not merely to render the book more useful, but more intelligible.

Under these impressions, I thought fit to write notes in illustration (and sometimes in contradiction) of the work itself, rather than to make any abridgement of it. Those who wish to know the modern views of chemical science, *must* peruse it; and to very many who will be anxious to study it, elucidation will be necessary. I have endeavoured to supply these, to the best of my ability; regardless whether my own opinions are in dissonance or coincidence with those of my author; leaving to the reader to decide between us.

The work will be published, with notes and illustrations, in four volumes 8vo.

THOMAS COOPER, M. D.

CONDITIONS.

James Kennedy & Son,

RESPECTFULLY inform the public that they have just received from *LEE's MEDICINE STORE,* No. 46, Maiden lane, New-York a fresh supply of the following valuable MEDICINES:

Hamilton's Worm destroying Lozenges,

Which have within sixteen years past cured an immense number of persons of both sexes of every age and in every situation, of various dangerous complaints arising from WORMS, and from obstructions or foulness in the stomach and bowels.

This medicine bears no analogy whatever to others of similar titles so commonly complained of as operating with violence; on the contrary a particular excellence of this remedy is its being suited to every age and constitution. It contains nothing but what is perfectly innocent & is so mild in its operation that it cannot injure the most delicate pregnant lady or the tenderest infant of a week old should no worms exist in the body; but will without pain or griping cleanse the stomach and bowels of whatever is foul or offensive, and thereby prevent the production of worms and many fatal disorders. The lozenges are particularly efficacious in carrying off all gross humours and eruptions, feverish and bilious complaints, and are the safest and mild est purgative that can be used on any occasion.

Description of Worms, and the symptoms by which they are known.

Worms which infest the human body are chiefly of four kinds viz.—The Teres or large round worm; the Ascarides or small maw-worm; the Cucurbitine or short flat-white worm; and lastly, the Tænia or tape-worm, so called from its resemblance to tape. This is often many yards long and is full of joints. It is most hurtful and most difficult to remove.

Among the symptoms attending worms are—disagreeable breath, especially in the morning; bad and corrupted gums; itching in the nose, and about the seat; convulsions, epileptic fits, and sometimes privation of speech; starting and grinding of the teeth in sleep; irregular appetite, sometimes loathing food and sometimes voracious; purging with slimy and fœtid stools; vomiting; large and hard belly; pains and sickness at the stomach; pains in the head and thighs and lowness of spirits; slow fever with small and irregular pulse; a dry cough; excessive thirst; sometimes pale and unhealthy countenance, and sometimes the face bloated and flushed.

Persons afflicted with any of the above symptoms should have immediate recourse to Hamilton's Worm Destroying Lozenges, which have been constantly attended with success in all complaints similar to those above described.

A dose of this medicine given occasionally during the warm season, will effectually prevent "the vomiting and purging of children"—a dreadful disorder, which annually destroys thousands of the infant part of our citizens. It is likewise the mildest and most certain remedy known, and has restored to health and strength a great number when in an advanced stage of this fatal complaint. Particular and plain instructions are given for every part of the necessary treatment in such cases.

Children generally take this medicine with eagerness; having a pleasing appearance, and an agreeable taste.

The Restorative Powder for the Teeth and Gums.

For the prevention and cure of BILIOUS AND MALIGNANT FEVERS is recommended

HAHN's ANTI-BILIOUS PILLS

THIS Medicine has been attended with a degree of success highly grateful to the inventor's feelings in several parts of the West Indies and in the Southern and Middle States, &c.

The testimony of a number of persons can be adduced, who have reason to believe that a timely use of this salutary remedy has, under Providence, preserved their lives when in the most alarming circumstances.

Facts of this conclusive nature speak more in favour of a medicine than columns of pompous eulogy founded on mere assertion.

It is not indeed presumptuously proposed as an infallible cure, but the inventor has every possible reason that can result from extensive experience for believing that a dose of these Pills taken once in every two weeks during the prevalence of our bilious fevers, will prove an infallible preventive; and further, that in the earlier stages of those diseases their use will very generally succeed in restoring health, and frequently in cases esteemed desperate and beyond the power of common remedies.

The operation of these pills is perfectly mild, so as to be used with safety by persons in every situation and of every age.

They are excellently adapted to carry off superfluous bile and prevent its morbid secretions—to restore and amend the appetite—to produce a free perspiration and thereby prevent colds which are often of fatal consequences. A dose never fails to remove a cold if taken on its first appearance: they are celebrated for removing habitual costiveness—sickness at the stomach and severe head-ache—and ought to be taken by all persons on a change of climate.

They have been found remarkably efficacious in preventing and curing disorders attendant on long voyages, and should be procured and carefully preserved for use by every seaman.

Hamilton's Elixir,

A sovereign remedy for colds, obstinate coughs, asthmas, sore throats, catarrhs, and approaching consumptions.—To parents who have children afflicted with the *HOOPING COUGH,* this discovery is of the first magnitude, as it affords immediate relief, checks the progress, and in a short time entirely removes the most cruel disorders to which children are liable. The Elixir is perfectly agreeable, and the dose so small that no difficulty arises in taking it.

Hamilton's Grand Restorative,

Is recommended as an invaluable medicine for the speedy relief and permanent cure of

Nervous Disorders	Violent cramps in the stomach and back
Consumptions	Indigestion
Lowness of spirits	Melancholy
Loss of appetite	Gout in the stomach

Hysteric affection	Relaxations, etc.
Inward weaknesses and debility	

Hamilton's Essence and Extract of Mustard.

A safe and effectual remedy for acute and chronic rheumatism, gout, rheumatic gout, palsy, lumbago, numbness, white swellings, chilblains, sprains, bruises, pain in the face and neck, etc. etc.

Lee's Ointment for the Itch.

Warranted an infallible remedy at one application, may be used with perfect safety by pregnant women, or on infants a week old, not containing a particle of mercury or any dangerous ingredient whatever, and not accompanied with that tormenting smart which attends the application of other remedies.

Hahn's true & genuine German Corn Plaister.

An infallible remedy for corns, speedily removing them root and branch, without giving any pain.

The Genuine Persian Lotion,

So celebrated among the fashionable throughout Europe, is an invaluable cosmetic, perfectly innocent and safe, free from corrosive and repellent minerals, the basis of other lotions, and of unparalleled efficacy in removing blemishes of the face and skin, freckles, pimples, inflamatory redness, scurfs, tetters, ringworms, sunburns, prickly heat, &c.

Hahn's genuine Eye Water,

A sovereign remedy for all diseases of the eyes, whether the effect of natural weakness or of accident.

Tooth Ache Drops.

The only remedy yet discovered which gives immediate and lasting relief in the most severe instances.

Lee's Infallible Ague and Fever Drops

For the cure of agues, remittent and intermittent fevers.

☞ At the place of sale pamphlets may be had gratis, describing cures performed by the above medicines; the number, importance and respectability of which, fully justify every article of this advertisement.
